Georgia Jail Association

WELCOME to the Georgia Jail Association, a state chapter of the American Jail Association. Our Chapter was formed in the Summer of 1987 to facilitate the development and exchange of information among Georgia Jail professionals, advance professionalism through training, technical assistance, publications and conferences, and provide leadership in the development of jail standards, legislation and management practices, programs and services, in the interest of our professional membership.

The GJA sponsors an annual training conference held in a different site each year to bring the GA within reach of all its members.

In addition to providing timely, professional instruction in critical operational areas, the conference provides a forum for jail vendors to exhibit and discuss their products and services and sponsors an awards program to recognize the outstanding accomplishments of jail personnel.

GJA's membership is comprised of Jail Administrators, Jail Officers, Sheriff's, Support Staff, and other interested parties of the jail profession in Georgia.
